Calcurion Maths Worksheets

A-Level Mathematics

Topic: Pure 2 – Trigonometry

MARKSCHEME

Award **M** (method) and **A** (accuracy) marks according to the mark allocations shown on the worksheet.

Section A (Q1–15): 3–6 marks. Valid method (M1) + correct answer (A1).

Section B (Q16–25): 5–8 marks. Stepwise method marks for each correct stage; accuracy for final simplified result.

Topic focus: Further identities; $R\cos(\theta \pm \alpha)$; solve equations in given interval; general solution.
